VAISHALI SUNDAR RAY

📞 +91 7846954967 | 📧 rayvaishalisundar@gmail.com

CAREER SUMMARY

- Frontend Developer with hands-on experience building responsive and dynamic web applications using **ReactJS**, **JavaScript**, **HTML5**, and **CSS3**, with strong knowledge of **component-based architecture** and **React Hooks**.

- Skilled in developing clean, user-centric interfaces using **Figma**, **Canva**, and **responsive design** techniques (Flexbox, Media Queries), along with integrating **RESTful APIs** for dynamic data handling.

- Currently learning **Core Java, JDBC, and MySQL** to transition into a **full-stack role**, with experience working in **Agile teams** and using **Git** for version control and collaboration.

EDUCATION

Ramadevi Women's University (2020 – 2023)
Graduation ; C GPA-7.81 Bhubaneswar, Odisha

SKILLS SUMMARY

- **Frontend Technologies: ReactJS, JavaScript, HTML5, CSS3, Bootstrap, Tailwind CSS**

- **State Management & Architecture: React Hooks, Context API, Component-Based Architecture**

- **UI/UX & Design Tools: Figma, Canva**

- **Responsive Design: Flexbox, CSS Grid, Media Queries, Mobile-First Development**

- **Backend (Learning): Core Java, JDBC, MySQL**

- **Version Control & Tools: Git, GitHub, VS Code, Eclipse**

- **Development Methodologies: REST API Integration, Agile, SDLC**

WORKEXPERIENCE

ReactJS Developer 08/2024 – 05/2025
Dolphin Technology Mumbai

- Developed and deployed responsive web applications using ReactJS, Bootstrap, and Tailwind CSS, ensuring cross-device compatibility and improving UI consistency across platforms.Integrated RESTful APIs for dynamic data rendering and improved user interaction by 30%, enhancing overall performance and client satisfaction.
- Built modular and reusable components using React Hooks and component-based architecure, increasing development efficiency and reducing bugs by 20%.

- Integrated RESTful APIs for dynamic data rendering and improved user interaction by 30%, enhancing overall performance and client satisfaction.
- Collaborated with design and backend teams in Agile sprints, achieving 100% sprint delivery and reducing rework by 15% through efficient communication and version control using Git.
- Optimized frontend performance with lazy loading, code splitting, and Webpack bundling, reducing load time by 25% and boosting user engagement.

PROJECT

PADHOINDIA–OnlineLearningPlatform

🔗 https://padho-india.onrender.com

- Built a fully responsive e-learning platform using ReactJS, Bootstrap, and JavaScript, improving student engagement by 25%.
- Developed reusable components for course listings, dashboards, and session tracking, enhancing UI consistency and reducing maintenance time by 30%.
- Integrated RESTful APIs for dynamic content, user login, and profile management, increasing application responsiveness by 40%.
- Implemented lazy loading and code splitting to optimize performance, reducing initial page load time by 20%.
- Collaborated with UI/UX designers and backend developers in Agile sprints to deliver key features on time and ensure design-to-code accuracy.

INTERNSHIP

Frontend-Intern   **06/2024 – 08/2024**
Apptax   **Bhubaneswar, Odisha**

- Developed responsive static pages using **HTML5**, **CSS3**, and **JavaScript**, improving layout consistency and mobile usability.

- Worked on **WordPress** customization for internal projects, enhancing site functionality and client satisfaction.

- Assisted in translating **Figma** into live web pages, improving UI accuracy and development speed.

- Conducted basic **SEO optimizations**, increasing content visibility and improving page load performance.

- Participated in **Agile team stand-ups** and code reviews, gaining practical exposure to collaborative frontend development.

CERTIFICATES

- **Certification on Frontend Development (MERN Stack) – Sheriyan Coding School**

- **Certification on Java Programming & Software Development – QSpiders**
